## Welcome, Youth Savers

**H**ave you been hearing about “going green” or “living green?” Green living means doing things that are better for the environment. Here are some easy ways for you to go green:

- Don't run water when you are brushing your teeth.

- Turn off the lights when you are not in the room.
- Turn off the TV, computer and video games when you are not using them.

- Go outside to play when the weather is nice instead of playing electronic games or watching television.
- Ride your bike or walk to places that are close to you.
- Help your family recycle.
  - Close the door to keep cold air outside in the winter and warm air outside in the summer.
  - Clean your house using earth-friendly cleaning products.

These things not only help the environment, but they also can save your family money—another kind of green!

Your Pal,

*Fortune Freddy*

## The Solar System

The solar system is estimated to be almost 5 billion years old and is made up of the sun, the planets their moons, asteroids, meteors, comets, and interplanetary dust. Everything orbits the sun.

Our solar system is near the outer rim of the Milky Way galaxy, and our sun is located 24,000 light years away from the center of the Milky Way.

## FUNNY JOKES

**Q:** When does it rain money?

**A:** When there is a change in the weather.

**Q:** What do you do if a dog chews your pencil?

**A:** That's easy. Use a pen instead.

## Ask Fortune Freddy

### Who is Lady Liberty?

Lady Liberty is the imaginary woman who stood for liberty and first appeared on our coins in 1794. She was always shown standing, unless only her head was shown. But she took a seat in 1836 when the "Seated Liberty" silver dollars came out and showed her sitting on a rock. Just before 1909, there was an image of Lady Liberty on almost every circulating American coin. But over the following 38 years, she was gradually replaced on all of them, mostly by former Presidents. Although Lady Liberty doesn't circulate any more, she still appears on some special coins.

## GOING GREEN WORD SEARCH

CAN YOU FIND THESE WORDS THAT ARE GREEN? THEY'RE HIDING FORWARD, BACKWARD, UP AND DOWN, AND PERPENDICULAR. SEE IF YOU CAN FIND THEM ALL!
